

2. ASTRO ALGEBRA BOX COPY

I produced *Astro Algebra* for Edmark and wrote or edited all parts of its user documentation, box copy, sales demonstrations, character scripts, and so on and so forth.

The program won several awards, including being named one of the *Best 100 Software and Hardware Products of 1998* by PC Week and *Best Pre-Teen Math Program* of 1997 by Thunderbeam.com.

Astro Algebra Provides a Strong Foundation for Algebra Success!

Astro Algebra teaches you the concepts and problem-solving skills you need to master algebra basics and build math confidence! Four expert crew members help you rocket through each stage in the problem-solving process: understanding, strategizing, calculating and checking your work. You'll learn how to graph functions,

translate word problems into mathematical expressions and represent algebraic equations using the program's Virtual Manipulatives™. Hundreds of problems and dozens of intergalactic missions provide you with a solid foundation for success in algebra and beyond. We're so sure of this, we fully guarantee your satisfaction!

Plot and manipulate ordered pairs, equations and inequalities on a coordinate grid

Explore algebra concepts and topics through animated demonstrations on the AstroNet

Construct algebraic expressions and equations by joining and separating building blocks

In Astro Algebra, You'll Master These Important 7th, 8th & 9th Grade Math Topics:

- ✓ Graph points, functions, equations and inequalities on a number line or coordinate plane
- ✓ Use ratios, proportions and percents to solve problems. Plus, whole numbers, decimals, fractions, integers and rational numbers.
- ✓ Evaluate expressions using order of operations
- ✓ Define mathematical relationships using expressions, equations, inequalities, functions and graphs
- ✓ Understand word problems and how to use variables and graphs
- ✓ Discover and explore the language of algebra

More Inside!

Absorb 3 Years of Math Concepts

Astro Algebra's unique Grow Slide enables you to access pre-algebra and algebra concepts. You'll cover dozens of math topics and hundreds of problems. As you learn and progress, the Grow Slide advances, offering greater challenge. You or your parent can move up to more advanced topics or choose a specific topic related to your schoolwork.

Missions	
Beginning	a b c d e f g h i j k l m n o p q r s t u v w x y z
Intermediate	a b c d e f g h i j k l m n o p q r s t u v w x y z
Advanced	a b c d e f g h i j k l m n o p q r s t u v w x y z
All	A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

LEARN AT ANY LEVEL!

FREE Video for Parents Included on CD-ROM!

In Dear Parents, Edmark's Donna Stanger, a teacher for 20 years, shares thoughts about the role you can play in helping your child successfully learn math.

Satisfaction Guaranteed

If you are not completely satisfied with your purchase, return the product within 30 days of the date of purchase, along with your receipt and the reason for the return. Let us know whether you would prefer another Edmark product of equal or lesser value, or a cash refund. Dealers, distributors and their employees are not eligible.
